

South Farnham School

Equality Policy

Policy Introduction

This policy sets out South Farnham School's approach to promoting equality, as defined within the Equality Act (2010).

The School Context

South Farnham School stands on two sites sitting, as the name suggests, south of Farnham and currently has 814 pupils. The infants are taught at the Bourne site and the juniors in Menin Way. There are three forms of entry at the infant site (270 pupils) and four forms of entry at the junior site (544 pupils). The majority of pupils are from the local area, a minority are from a wider area. The community offers wide diversity - specifically ethnic, linguistic and religious diversity. The school is therefore committed to actively seeking opportunities to ensure its pupils, in particular, embrace the wider community and 'global citizenship'.

Equality Aims and Values

South Farnham School aims to provide equality and excellence for all in order to promote the highest possible standards.

Commitment to equality and inclusion is central to the school's ethos and integral to the school's stated vision and aims:

Our Vision

Our vision is to inspire independence and nurture a life-long love of learning, creating pro-active and responsible citizens.

Our aims are underpinned by two drivers in order to develop

1. A lifelong love of learning.
2. Good citizenship.

Through excellent teaching we aim to provide our children with creative, challenging learning opportunities which:

- ☐ encourage them to have high expectations of their abilities
- ☐ promote determination to succeed and encourage risk taking
- ☐ enable them to become independent and active in their own learning
- ☐ develop tolerance of others
- ☐ develop collaborative opportunities and an awareness of others' needs

The School's Approach to Promoting Equality

The school seeks to meet its equality duties with the objective of eliminating unlawful discrimination and harassment, promoting equality of opportunity, good relations and positive attitudes between people of diverse backgrounds in all its activities.

This policy forms part of the school's Single Equality Scheme. This includes the following documents, available separately:

- ☐ Information as to how the school has complied with the General Duty of the Equality Act, published annually
- ☐ Evidence of equality analysis undertaken, published annually
- ☐ Details of engagement undertaken, published annually
- ☐ Equality objectives, set and published every four years

Through this Single Equality Scheme, the school seeks to ensure that no pupil, staff, parent, guardian, carer or any other person through their contact with the school receives less favourable treatment on any grounds which cannot be shown to be justified.

This equality of treatment includes the protected characteristics identified within the Equality Act (2010) - sex, race, disability, religion or belief, sexual orientation, pupils who are pregnant, undergoing or who have undergone gender reassignment. The school does not tolerate discriminatory or racist remarks or incidents. These will be dealt with and reported to the Governing Body.

(N/B Age is a protected characteristic within the Equality Act (2010), but not in relation to pupils of any age in a school – schools may organise their curriculum or classes in any way they choose without fear of a claim of discrimination on the grounds of age).

In addition, the school extends its equal opportunities provision to include the following characteristics - ethnic or national origin, language, marital or civil partnership status, age, responsibility for children or other dependants, trade union or political activities, social class, where a person lives or spent convictions.

The principles of this policy apply to all members of the extended school community, pupils, staff, governors, parents and community members.

Community Cohesion

The school is committed to the promotion of community cohesion, with a focus on the school as part of the local, national and global community.

Actions and projects undertaken by the school to promote community cohesion aim to:

- ☐ create a wider exposure to different communities
- ☐ promote understanding and engagement between communities

- ☐ encourage all children and families to feel part of the wider community
- ☐ understand and respond to the needs and hopes of all our communities
- ☐ tackle discrimination
- ☐ increase life opportunities for all
- ☐ ensure learning, teaching and the curriculum explores and addresses issues of diversity

Monitoring, Reviewing and Assessing Impact

The Single Equality Scheme will be regularly monitored and reviewed by staff and governors to ensure that it is effective in eliminating discrimination, promoting access and participation, equality and good relations between different groups, and that it does not disadvantage particular sections of the community.

Any pattern of inequality found as a result of impact assessment will be used to inform future planning and decision-making and linked to the School Development Plan as appropriate.

The Headteacher will report regularly to the Governing Body on monitoring undertaken, the reports to include information on the school population, key initiatives and progress against targets and future plans.
