

Name: _____ Date: _____

Hives and 10s

Count in 5s or 10s

15 20 _____ _____ _____

60 70 _____ _____ _____

35 40 _____ _____ _____

100 90 _____ _____ _____

50 45 _____ _____ _____

Teacher's notes

Children look at each row of hives, and decide whether the numbers are being counted forwards or backwards, in fives or tens. They then write the remaining three numbers of each sequence into the spaces on the hives.
