

Name: _____ Date: _____

Multiplication using the expanded written method

Use the expanded written method to calculate $\square \times \square$

Estimate the answer first then use the expanded written method to work out the answer to these calculations.

Example

$63 \times 8 \rightarrow 60 \times 8 = 480$

	H	T	O	
		6	3	
\times			8	
		2	4	(3×8)
	4	8	0	(60×8)
	5	0	4	
	1			

1 $45 \times 3 \rightarrow$ 

H T O

\times				

2 $39 \times 5 \rightarrow$ 

H T O

\times				

3 $63 \times 4 \rightarrow$ 

H T O

\times				

4 $57 \times 4 \rightarrow$ 

H T O

\times
