Drawing spirals

Know when a line is horizontal or vertical

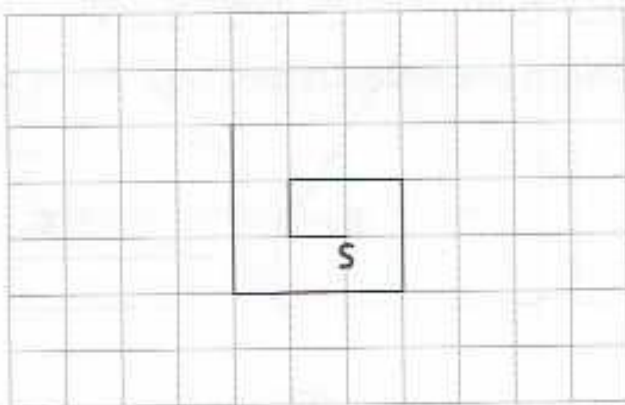

You will need:

- ruler
- blue and red pencils

1 This spiral was made with horizontal and vertical lines.

a Continue the spiral as far as you can go.

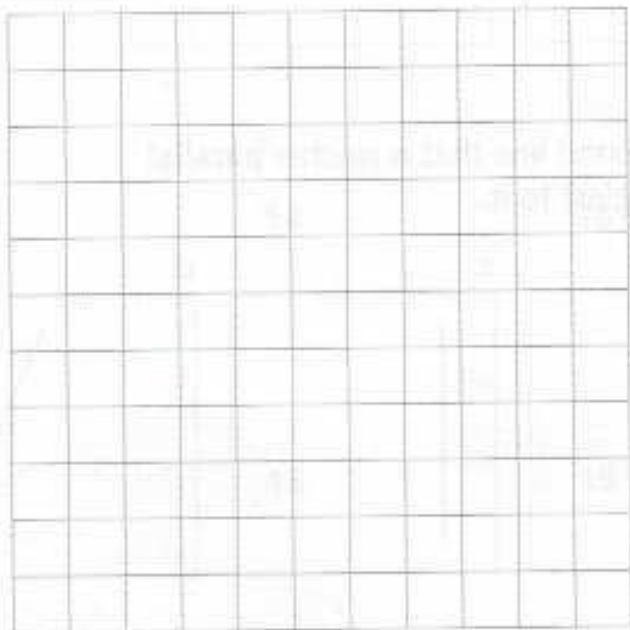

b Highlight the horizontal lines blue and the vertical lines red.

c Complete the route for your spiral.

S, 1H, 1V, 2H, 2V, _____

2 Draw and then highlight this spiral on the squared grid below.

S, 10H, 9V, 8H, 7V, 6H, 5V, 4H, 3V, 2H, 1V.

H = horizontal
V = vertical

Hint

Think carefully before you begin about where on the grid to start.
